New ways to help keep your clients protected

Fracture & Hospitalisation Benefit

Our Fracture Benefit provides a £1,000 lump sum if your client suffers a fracture of one of the named bones included in the cover (see Henry the Skeleton overleaf for bones covered). The benefit is paid regardless of any income protection benefit received. This benefit is subject to one claim in any 12-month period and limited to one claim per accident/incident.

After three consecutive nights in a UK hospital, we will provide Hospitalisation Benefit of £50 per night, backdated to the first night's stay – regardless of any income protection benefit received. This is limited to 21 nights in any 12-month period.

Immediate Death Benefit

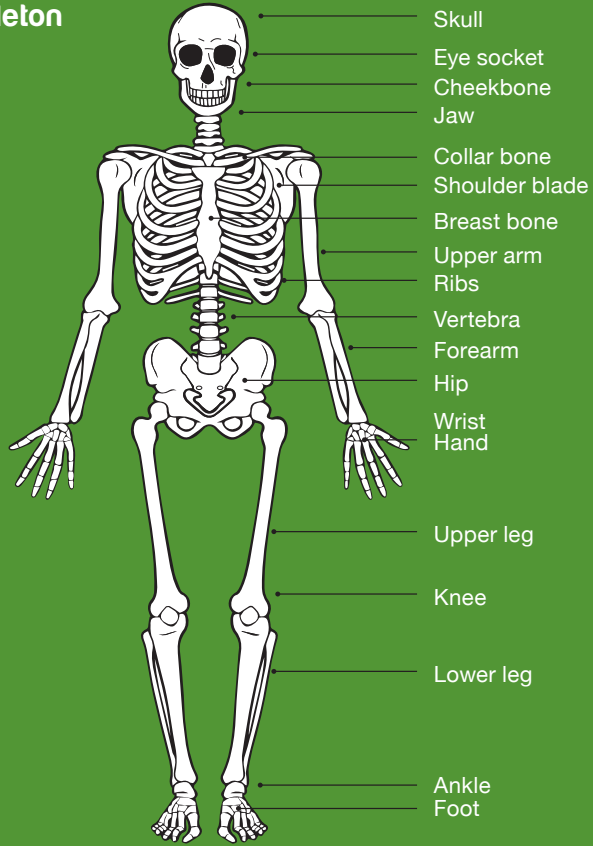

Our Immediate Death Benefit is designed to bolster income protection and life insurance policies. In the event of death during working life, we will pay a lump sum of £5,000. This cover will cease on your client's 70th birthday.
